RF 192/39

D. No. 1296.

It would appear from the telegram that there is no adequate supply of water in Cox Town and Cooke Town water is supplied only in the nights and not during the day. It is not known why the supply in these localities is restricted. It will pay the Municipal Commission if more water could be supplied to these extensions. Probably they are not in a position to do so without incurring large capital expenditure. If the facts stated are true, there is real hardship; and it seems the Municipality should try to improve the situation.

If approved, the file may be sent to the P.M.C. U.O for favour of remarks.
